

Amendments to the Specification

Please replace the paragraph on page 6, lines 2 and 3, with the following amended paragraph:

Figure 8 is an enlarged view of the area D circled in Figure ~~[[7]]~~ 6, showing the initiation point for the downstream temperature transmitter;

Please replace the paragraph on page 6, lines 18-23, with the following amended paragraph:

Having reference to Figures 1 - 14, a choke valve 1 is described, with the main components 2 - ~~[[21]]~~ 17 having been described in the Background section of this specification. Figures 2 - 14 include the details of the choke valve of this invention, showing temperature transmitters, and their placement, with respect to a preferred cage with external sleeve flow trim style choke valve. Relative to Figure 1, Figures 2 - 14 show only the removable insert assembly 7.
